Program Description

The National Air and Space Museum's Teacher Innovator Institute (TII) will welcome up to 30 teachers from across the United States for two weeks in Washington D.C. in Summer 2023. Teachers will remain with the program for two summers, returning to Washington, DC, in year two to reconnect, develop their practice, and mentor the newest class of Teacher Innovators.

Objectives of Program

- Work with education and STEAM experts to explore the connections between informal STEAM education and authentic learning-Propose and develop goals for your own professional development-gain the skills to incorporate museum learning into your practice-meet colleagues from around the country
